Map Your Professional Development in AV

Whether you are new to the AV industry, prepping for a certification exam, or adding a new specialization, our technical training can help you reach your goals.

HOW TO USE THIS CHART

General knowledge courses are sequenced from industry novice to CTS exam candidate.

Depending on experience, you may not need to complete all general knowledge courses before moving to specialized knowledge.

In the specialized knowledge column, you can fill in any knowledge gaps you may have, or explore something new to help you reach your goals.

TRACKS AND SPECIALIZATIONS	General Knowledge	Specialized Knowledge	Continuing Education
INSTALLER	Quick Start to the AV Industry Online Microcredentials <ul style="list-style-type: none"> ▪ Pulling Cable ▪ Terminating Cable ▪ Mounting Equipment Essentials of AV Technology AV Technologist Test (AVT) AV Math Online Project Management for AV Online CTS® Prep <ul style="list-style-type: none"> ▪ Register for CTS Exam 	Introduction to Installation Online Elements of System Fabrication Online Elements of Setup and Verification Online Installation 1: System Fabrication Installation 2: Setup and Verification Networking Technology CTS-I Prep <ul style="list-style-type: none"> ▪ Register for CTS-I Exam 	Project Management for AV Networked AV Systems Training at trade shows Webinars
